

root

The screenshot shows a web browser window with the following details:

- Tab:** TssgDbApp
- Address Bar:** localhost:4200/user/login
- Header:** TSSC logo and navigation links: Users, Teams, Meetings, Venues.
- Form:**
 - Title:** Login
 - Username:** Input field with a cursor.
 - Password:** Input field.
 - Login Button:** A blue button labeled "Login".

If you are using the raw database supplied with this document, login with the super admin account. If other accounts have been added, login with an admin account. In startup database supplied with this document, there are two accounts that you can login with.

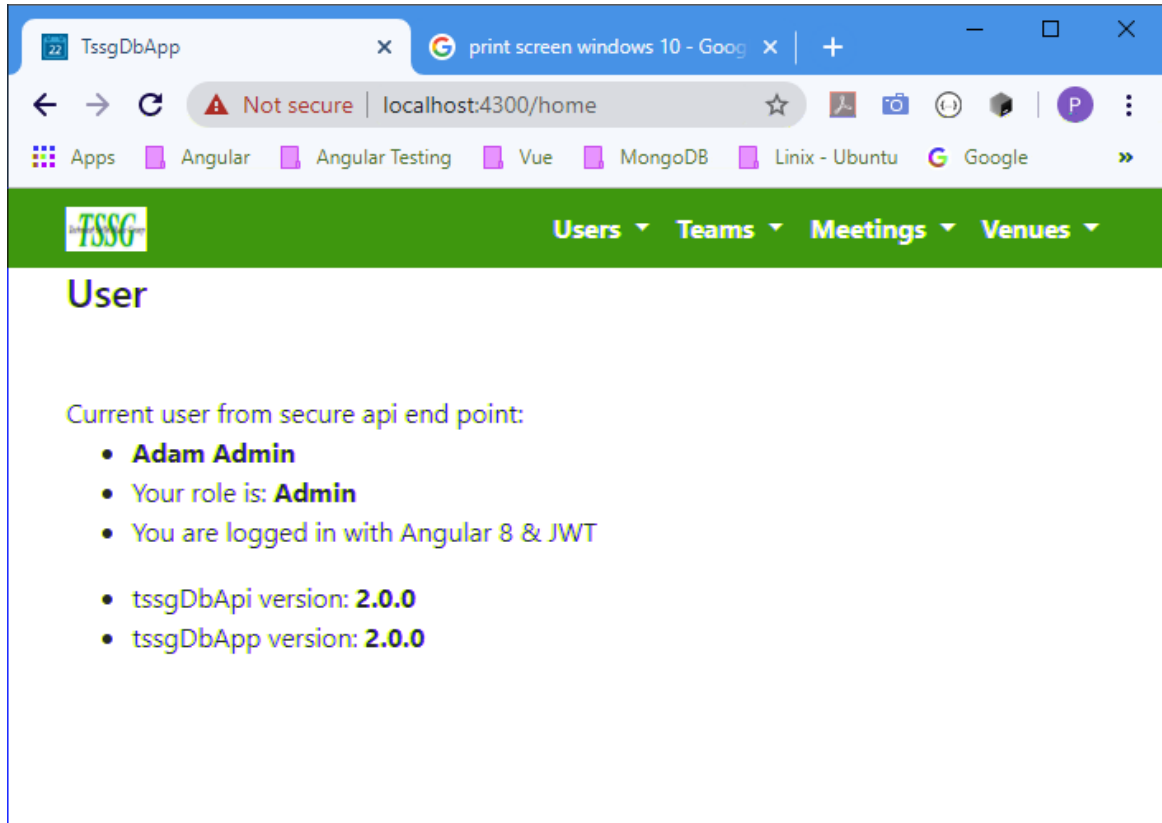

Their username and passwords are:

admin/adminpw

user/userpw

The admin account has role admin and user account has role user.

If successful, the user home page will display account information.
